In July 1893, the Toti of the Gundwu village, Hosakote Taluk, put in a petition to the Amildar, stating that his service inam lands as noted in the margin were lying waste owing to want of water and also to the difficulty of carting manure to them, and requested that other lands might be given to him in their stead. The petition was referred to the Shekdar for report and he

he reported that the lands in question and also some other adjoining lands had no water-supply as the tank on which they depended was breached, that the lands were lying waste for the last 10 or 15 years, and that even dry crop could not be raised on the lands as there was no way to cart manure to them. After some correspondence in the matter, the Amildar inspected the lands and reported that the lands were situated at a distance from the village, that the tank was out of order, and that manure could not be carted to the said lands as there was no way thereto; and recommended that other lands, marginally noted, might be given to the Joti in lieu of the inam lands which were useless to him. The Amildar also reported that out of the survey numbers proposed to be given to the Joti, number 45 was applied for and obtained by the Joti himself for cultivation and that the remaining

numbers were assessed
waste. The Asst Comr
who was in charge of the
Taluk, submitted the matter
to the Dy Comr for orders.
The Dy Comr called for an
extract from the Pahani
Takta for the past ten
years in proof of the
statement that the lands
were lying waste. The
Amildar in submitting the
extract called for stated
that the lands (in question) do well
the adjoining lands were
lying waste from the year
1879, mainly on account
of the difficulty of carting
manure to the lands, and
that the Joti was paying
the Jodi although the
lands were lying waste.
On further enquiry it was
ascertained that the Joti
was willing to pay the
excess assessment of
12 annas on the lands
proposed to be given
him as Kasar Jodi
in addition to the Jo

he was already paying. 4
The Dy Comr recommended to Govt
the grant of the lands
in question to the Joti
and stated that if Govt
did not approve of the
levy of the Kasar Jodi,
an extent 16 guntas only
might be subdivided
as a special case from
Sur: No 49 and given to
him, in which case
there would be no
difference in the assess-
ment of the inam lands
and that of the lands
proposed. The Dy Comr
also stated that the
inam lands were so
far away from the
village that the cost
and labour involved
in carting manure &
and other agricultural
necessaries over a
distance of 3 or 4 miles
were too great for a
menial servant like
the Joti and that consequently

To

The Secretary to the Government
of Mysore,
Genl. & Rev Departments.

Sir,

I Survey numbers 89, 93 and 107 comprising an area of 10 acres and 9 guntas and assessed at Rs 28-8-0 form the toti service inam of the village of Gundurn in the Hoskote Taluk. The tank on which depends the irrigation of these numbers has long since been in a state of disrepair, and these lands lie so far away from the village that the cost and labor involved in carting manure and other agricultural necessaries over a distance of 3 or 4 miles is too great for a menial servant like the Toti; hence they have been lying waste for the last twenty years, though the Government dues have been regularly recovered. The toti prays that survey

meaning quit-rent
I suppose

numbers 45, 55 and a part of 49 together measuring 4 acres and 38 guntas and assessed at Rs 29-4-0 be given to him as inam in lieu of his present inam lands, which he has agreed to relinquish. The difference of annas 12 between the assessment on the old inam and that on the land proposed to be granted, the Tote is willing to pay as Kasar jodi. If this is not approved of, an extent of 16 guntas out of survey No 49 may be divided and given, in which case there will be no difference in the assessment. Under these circumstances, I have the honor to submit herewith for sanction a statement giving the particulars of the lands concerned with the vernacular file on the subject.

I have the honor to be
Sir
Your most obedient servant

Dy. Commissioner,
Bangalore District.

2h

It will be seen therefrom that all the survey numbers except one are not cultivated; in fact they are not even occupied. The only number which is in occupation is 92 and only grass is grown on it.

2. With a view to ascertain whether this large and important tank cannot be restored with advantage, the Executive Engineer was addressed. In his reply No. 2452/819 dated the 21st May 1901 he states that its restoration means a heavy outlay.

3. The statement and the vernacular file received with the above are herewith resubmitted.

I have the honour to be,
Sir,
Your most obedient servant,
W. [illegible]

Draft as per orders

(4)

Read:-

Correspondence ending with letter No. D 1760 dated 6th June 1901, from the Dy Commissioner, Bangalore District regarding the grant of certain lands in lieu of the Service Inam lands of the Toti of the Gundurao village, Hoskoté Taluk.

L.R. 22-97

No. R 749-50 of 13/8/01

—o—

Order thereon:—

In July 1893, the Toti of the Gundurao village, Hoskote Taluk, put in a petition to the Amildar, stating that his service inam lands as noted in the margin* were lying waste owing to want of water and also to the difficulty of carting manure to them, and requesting that other lands might be given to him in their stead. On enquiry and inspection of the locality, the Amildar reported that the inam lands were situated at a distance from the village, that the tank on which they

Sur: No	Extent A. G	Assessment. Rs. A. P.

93 (wet)	" -19	6-8-0
(dry)	2-35	
107 (dry)	5-5	11-0-0
	10-9	28-8-0

they depended for water was out of order and that manure could not be carted thereto as there was no way; and recommended that other lands as noted in the margin might be given to the Toti in lieu of the inam lands which were useless to him. The Amildar further reported that out of the Survey numbers proposed to be given to the Toti, number 45 had been already obtained on darkhast by the Toti ~~himself~~ for cultivation and that the remaining numbers were assessed waste. The Asst Comr in charge of the Taluk reported the matter for the orders of the Dy Comr, the latter Officer ascertained on further enquiry that the khoti inam lands in question and some other adjoining lands were

Sur: No	Extent. A. G	Assessment Rs. A. P.
45 (wet)	2-1	11-0-0
55 (wet)	2-17	15-0-0

	5-7.	29-4-0.

Copd 14/8/01

14

lying waste from the year 1879; that the Toti was nevertheless paying the Jodi of Re 1-12-0 on his lands, and that he was willing to pay the excess assessment of annas 12 on the lands proposed to be given to him as Kasar Jodi. The Dy Comr in ~~his letter~~ recommended ~~to Govt~~ the grant of the lands in question to the Toti, ~~and stated that~~ Govt to did not ~~xxx~~ stated that his inam lands were so far away from the village that the cost and labour involved in carting manure and other agricultural necessaries over a distance of 3 or 4 miles were too great for a menial servant like ~~the Toti~~ and the lands were consequently lying waste.

~~He~~ The Dy Comr further stated

stated that if Govt did not approve of the levy of Kasar Jodi, an extent of 16 guntas only might be sub-divided, as a special case, from Sur: No. 49 and given to the Jotis in which case there would be no difference of assessment between the inam & the proposed exchange lands.

On enquiry made (Vide this office No. 9561/R3111 of 1.4.98) as to whether the lands surrounding the inam lands were also lying waste for want of water, how many of them, if any, were occupied and what crops were raised on them, the Deputy Comr. reported that all the surrounding numbers, with one exception are uncultivated and unoccupied, that the only land which is under occupation, is

21

is number 92, on which nothing but grass is grown and that the Executive Engineer, who was addressed on the subject, is of opinion that the tank can be restored only at a heavy outlay.

Under the foregoing circumstances, Govt are pleased to sanction the grant of Sur: Nos 45 and 55 and only so much of land out of Sur: No. 49 as is required is enough to make the total assessment equal to that of the inam land. The portion thus granted out of No. 49, which according to the Dy Comr is 16 guntas will be determined by the Supdt of Revenue Survey and formed into a separate number as a special

22

case, with an assessment of
Rs 2-8-0
